

## 13. Safety Certification Label

### Model & Serial Number

The model number and serial number are printed on the safety certification label in the top two left rectangles opposite the CSA safety symbol. For example, in the label shown at the right:

**Model: PCS2-0**

**Serial: A02120001**

The SolarAttic PCS2 swimming pool heater is proudly manufactured in the USA by ECONAR Energy Systems Corporation at their manufacturing facility in Appleton, Minnesota. On the left side of the PCS2 [coil side view], you will find the Canadian Standards Association (CSA) label. The ECONAR manufacturing facility is a CSA approved facility and the products they manufacture receive regular CSA physical reviews during each year to maintain their safety certifications. When you buy the PCS2, you can have full confidence that the SolarAttic product is manufactured under the highest safety certification criteria. In addition to CSA certification, virtually all electrical components are UL Listed.
