

SolarAttic

75 West Veum
Appleton, MN 56208

Warranty Instructions

All Pool Convection System Three (PCS3) pool heaters are warranted to be free from manufacturing defects for a period of thirty-six (36) months from the date of first consumer installation or fifty-four months from the date of manufacture, whichever occurs first. See Limited Warranty Certificate.

All Parts Three Years:

Years 1 through 3, SolarAttic will provide a free replacement part upon prepaid return of all defective parts, F.O.B. Appleton, Minnesota for any part which fails to function properly due to defective material or workmanship. During this period, SolarAttic will cover the cost of the replacement part only along with its return freight cost. Customer is responsible for any labor charges required to replace the defective part. Note: Determination of the defect is at the sole discretion of Northern Geo LLC.

Limitations:

- Warranty begins on the date of original purchase as recorded by SolarAttic with the return of the warranty registration card. If warranty registration card is not submitted, warranty begins on the date of original manufacture by Northern Geo LLC of Appleton, Minnesota based on the serial number.
- Warranty applies to original installation and normal use of the SolarAttic pool heater and does not include any other component of a system as a whole.
- Service must be performed by a SolarAttic or Northern Geo LLC authorized service person.
- Replacement parts shall be warranted for 90 days. After the 90 days, the parts will be covered by the remaining warranty of the unit.
- Under no circumstances will SolarAttic or Northern Geo LLC be liable for incidental, or consequential expenses, losses or other damages.

Owner's Responsibility:

- Return the warranty registration card to activate warranty coverage.
- Provide normal care and maintenance.
- Make products accessible for service.

Warranty is Void if:

- SolarAttic data label is defaced, or removed.
- Product has defect, or damage due to product alterations, connection to an improper electric supply, shipping and handling, accident, fire, flood, lightning, act of God, or other conditions beyond the control of SolarAttic/Northern Geo LLC.
- Products are not installed in accordance with SolarAttic instructions and specifications.
- Products which have defects, or insufficient performance as a result of insufficient or incorrect installations, poor pool water supply, inadequate attics, system design, or the improper application and maintenance of products. This would include a freeze rupture caused by improper or lack of winterization in all areas subject to winter freeze damage.
- Products are installed, or operate in a corrosive environment causing deterioration of metal parts.

Warranty Performance:

- The installing contractor will provide the warranty service for the owner. If the installing contractor is not available, contact SolarAttic at the address or phone number above. Minnesota law governs all warranty disputes. The venue for all disputes is Swift County, Minnesota.
